Dear Carol Martin,

I am here by name of Nanyonga Agnes, a former student of Tekera Vocational school.

I have written this letter to say thanks to you for sponsoring my vocational studies.

I am very grateful for all you have done for me. You did not stop at paying my school fees but you have also given me a start-up

I am very grateful for this start-up kit and I am looking forward to use this kit to support my self and my siblings. This kit and the vocational skills I have acquired at the vocational school will help me have a bright future.

Thank you and may God reward you abundantly.

Yours faithfully,
Nanyonga Agnes.
