

TANSLEY UNITED CHURCH ENVIRONMENT AND MUSIC NIGHT

AN EVENING WITH MICHAEL SCHREINER MPP GUELPH

LEADER GREEN PARTY OF ONTARIO

SUNDAY, OCTOBER 14, 2018 AT 7PM

The greatest existential threat to our way of life today is climate change. Air, water, land use, is reaching a critical point. What kind of world are we leaving to our children and our children's children? How can we co-exist with competing forces for the environment? These and other issues will be explored at an evening dedicated to climate change. We will also be treated to the musical talents of Michael Mulrooney and friends.
